

- ★ Tired of losing small costume accessories?
- ★ Want to keep everything together when you travel?
- ★ Want an easy way to wash soiled garments without handling them?

The Ultimate Ditty Bag is here!

The Ultimate Ditty Bag is designed to:

- ★ Identify your performers' costume pieces.
- ★ Hold small accessories, undergarments, and shoes in the dressing room during productions.

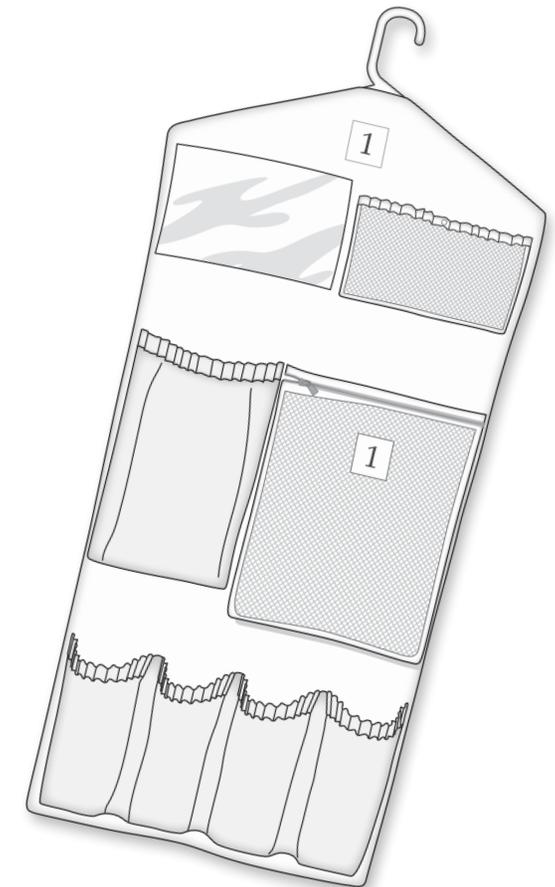

Recommended Accessories for your **Ultimate Ditty Bag** (not included):

Hanger: Use a **Heavyweight** plastic hanger. Standard plastic hangers may break. Metal hangers can bend.

Wardrobe bag: (to cover the Ditty Bag while traveling to competitions) Look for a heavy vinyl or fabric bag that is at least 21 inches wide and at least 42 inches long. American Tourister has one that will hold two Ditty Bags or a Ditty Bag and a costume. You can print large numbers on Avery #6572 labels from the **Theatre Inventory Database** to match the Wardrobe Bag with the Ditty Bag. (See our website for details.)

The Ultimate Ditty Bag...

has many pockets for small items and a detachable laundry bag to throw in the wash. These bags are perfect for backstage and for traveling to competitions.

Large, 19" x 40", bag: made of 7.5 oz cotton/polyester twill fabric. Designed to hang over a heavy duty hanger. Durable enough to last for many years, even with the most rambunctious actors. Hand made in the USA.

Vinyl pocket: to hold a 'Ditty Bag Card' printed from the *Theatre Inventory Database* (Productions Reports / Performance Management). The card will have the assigned ID number, the performer's name, the role name, a list of all the costume pieces that belong to the Ensemble, and the photo from the Ensemble record.

Large fabric pocket: for belts, ties, clean socks, clean t-shirt, etc.

Shoe pockets: for 2 pairs of shoes.

Easy-to-clean bag: just hand or machine wash (gentle cycle) with cold water and line dry. *Remember, the vinyl pocket can't handle the dryer heat!*

Easy-to-read ID number: each bag will have a number on the bag itself and on the detachable laundry bag. When you order the bag, please tell us what numbers to use (1 through 99).

Small mesh pocket: for small items like jewelry, bow tie, handkerchiefs, etc. There is a snap in the middle to secure the pocket.

Large, detachable mesh laundry bag: to hold dirty socks, undergarments, etc. It is fastened with snaps so it can be removed

and the contents washed and dried in the bag. Once it is out of the laundry it can be reattached to the correct Ditty Bag as it has the same number.

Slit opening in the back: so performers can hang their street clothes inside.

A "Property Of ..." tag on the back: with your school or theatre name, phone number,

or website. (Give us printing instructions with your order.)

The Ultimate Ditty Bag

is available as a **finished bag** (\$75) or as a **kit** (\$40) you can sew yourself. *Discounts applied to quantities greater than 10.*
